

# A MESSAGE FROM THE ASSOCIATION

The Granite State Draft Horse & Pony Association is an organized group of enthusiastic individuals interested in draft horses, ponies and mules with the following objectives:

- To encourage and promote Draft Horse and Pony breeds.
- To encourage the exchange of ideas for the purpose of assisting its members in the use of Draft Horses and Ponies.
- To promote the many and varied uses of Draft Horses and Ponies.
- To serve and educate its members in the general promotion of Draft Horses and Ponies for public enjoyment.
- To support the 4-H Foundation of New Hampshire, Inc.

Draft animals are making a comeback with a population estimated at over 100,000 in the country at this time.

It is becoming increasingly popular to use horses in lumbering operations as they do less damage to the forest floor and young growth. Pulling events at fairs are as popular as ever, as are demonstration new methods of competition with sophisticated equipment.

Draft Horse and Pony Shows are coming into being as well as the Draft Horse Working Classes with farm equipment such as plowing, log twitching, scoot and wagon competition. Giving hay rides, sleigh rides and wedding rides have become a livelihood for many as well as a hobby.

If you are interested in becoming involved with Draft Horses and Ponies, and their promotion, you are welcome to join this association. Complete the application form attached and send it to the address below, along with your membership dues to become an individual, family or farm member.
